— LEARN - PRAY - ACHIEVE —

STEPNEY ALL SAINTS

Some of the sections in Part 5 you can complete now. Some questions you won't know the answer to until your first day at school. However, this means you will know what to focus on.

On day one there will be a lot of information to take in, so it is important to pace yourself. Gather some of the information now so that when you start at Stepney All Saints you will have much less to think about.

Go through and fill in what you can complete now in one colour then in September go through again and fill in what is left in a different colour.

Find a picture or photo of Stepney All Saints School and stick it here.

Taking time to settle

Don't panic! Don't worry if you have not made a new circle of friends immediately: this is really normal. It can take time for new friendships to form, but they do.

Be confident. Talk to others in your tutor group. Talk to the person sat next to you in your lessons. Find out what primary school they were at; do they support a football team; do they have a type of music they are into; do you have any friends in common?

Join a club. A perfect way to settle in is to join a club at lunch time or after school. We call these "enrichment activities". In this way you get to do something different at school – perhaps learn new skills – and meet new people at the same time. These activities normally start in the second or third week of term and we will give you an enrichment leaflet listing all the clubs as well as when and where they take place. This can be a great way to meet new people once you have got used to the new routines of school life. Have a look on the school website at the clubs that have been taking place and decide which one(s) you would be interested in.

Talk to your parents. Ask your parents, a brother or sister or another member of your family how their first day at secondary school went. We have all been through it! What top tips do they have for settling in?

Remember – if you have any worries, please talk to someone. We are here to help. You will see your tutor every morning and there are lots of other people who you will get to know like your Head of Year.
